The NNVCA Convention Committee has continued our decision that we are not out to make a big profit. Since this is our fourth convention we still want to keep it as inexpensive as possible to allow the members of our fellowship a chance to see how much fun these conventions are without breaking their bank.

Volunteers. Willing to chair a marathon meeting? Or help out somewhere else? Check the boxes on the registration form to the left and someone will contact you!

Transportation From Reno/Tahoe Airport - is approximately 100 miles roundtrip. If you will need a ride please contact Teresa at (530)-541-0388 and a ride will be set up for your arrival and departure.

Special Events. We will not be offering any special events as part of the convention. However, we will have information regarding the local attractions such as the gondola ride (A breathtaking ride to the top of Heavenly Valley Ski Resort, taking in the beautiful panorama presented by the Lake Tahoe Basin.) and the cruise boats, the Tahoe Queen and the Dixie II.
